Dear Sir,

RE: Volgren Invitation – 1st UITP MENA Public Transport Congress and Showcase

The 1st UITP MENA Public Transport Congress and Showcase will be held from 25th to 27th November at the Crowne Plaza Dubai.

On this occasion Volgren Australia looks forward to continuing our support of UITP by introducing our new developments to the MENA region.

As Australia's leading bus builder, our commitment is to designing with new technology and materials. Our unique bolted aluminium bodies are lighter, stronger, easier to repair and safer than steel.

Together with our joint venture partners Emirates Link Group (Elite) and Specialised Investment Group, Volgren will be manufacturing its range of world class buses at the purpose built Hafilat Industries LLC factory soon to open in Abu Dhabi.

You will find us on St and No. D20

We would be pleased to meet with you to present our new developments.

Best Regards

Peter Dale
Managing Director
